Full regular season = 13 H2H games (2022-2024), 11 (2025), 3 so far in 2026. Playoff = winners-bracket meetings, incl. 3rd/5th-place games (a two-week round counts once).

Methodology & season formats

- Formats:** 2022 (ESPN, Nothing Catchy FFL): 8 teams, reg Wks 1-13, 4-team playoff from Wk 14, two-week rounds. 2023 (Sleeper, Nothing Catchy FFL): 12 teams, reg Wks 1-13, 6-team playoff from Wk 14, 1-week rounds, two-week final. 2024 (Sleeper): 12 teams, reg Wks 1-13, 6-team playoff from Wk 14, 1-week rounds, two-week final. 2025 (Sleeper): 12 teams, reg Wks 1-11, 7-team playoff from Wk 12, two-week rounds. 2026 (Sleeper): 12 teams, reg Wks 1-11, 7-team playoff from Wk 12, two-week rounds; through Wk 3.
- Counted:** real H2H games only (same matchup), never median games. Keyed by person (Sleeper user / ESPN owner), so team-name and roster changes don't split records.
- Playoffs:** every winners-bracket game incl. 3rd/5th-place games. A two-week round = ONE meeting on combined score. Excluded: losers-bracket/consolation games, Week 18, unplayed weeks.
- Games:** 2022 56, 2023 85, 2024 85, 2025 75, 2026 18 = 319. Wins = losses every season; grid is symmetric.
