Sorted by #1s, then Top 3, then Avg pct. Avg rank is raw (2022 = 8 teams, 2023+ = 12); Avg pct puts both on one scale (0 = always #1, 100 = always last). Longest #1 run = consecutive boards at #1 in one season; a board that aired but wasn't recovered breaks a run. Mike's 2024 spots were on the roster Matt Z took over after Week 6.

Notes

- Boards come from podcast audio (Nothing Catchy Podcast and Flex Appeal Podcast; every spot heard on air) and from Jake's written lists.
- No board aired for 2022 Wk 6, 2023 Wk 1–5 or 2024 Wk 10. 2022 Wk 13 was guest-ranked by Jake & Deion.
- The 2025 preseason board was posted on X, not read on air. It's reconstructed from the moves stated on air and left out of the tally.
- 2024 Wk 1 was a novelty preseason order (Mike's daughters ranked the team names). It is counted like any other board.
- Team names are mapped to managers with the Sleeper rosters and on-air cues. Dates are feed publish times in Arizona time.
